

Fun Facts

- *Five recycled two-liter bottles yield enough fiber for an extra-large T-shirt.**
- *One recycled plastic bottle can save enough energy to generate a TV for 3 hours.**
- *Every minute of every day an average of 113,204 aluminum cans are recycled.**

Thanks to the generous donation by Toyota Motor Manufacturing of Indiana!!

Did you know that Heritage Hills High School puts over 20,000 plastic bottles in the landfill?

**Don't Be Mean,
GO GREEN!!!**

HHHS is starting a recycling Program with aluminum/Plastic soft drink bottles, so when at an extra curricular activity be sure to participate!!!

When Recycling Plastic Bottles:

- 1. Please pour out the liquid**
- 2. Remove cap**
- 3. Place in white barrels**
